Software Developer with **3+ years of experience** in web development, specializing in **frontend engineering** with **React.js, Next.js, and modern UI frameworks**. Skilled in **building dynamic user interfaces, optimizing performance, implementing RESTful APIs, and deploying scalable applications**. Successfully improved **website accessibility by 15%** and **boosted conversion rates by 10%**. Passionate about **writing clean, maintainable code**, continuous learning, and driving innovation in web technologies.

SKILLS

Soft Skills: Problem-Solving Skills, Time-Management

Tech Stacks: React.js, Next.js, JavaScript, TypeScript, Node.js, Express.js, RESTful APIs and Asynchronous Data Fetching, Web Performance Optimization, Responsive Web Design, Package Managers (npm, yarn), Build Tools (Webpack, Vite), CSS3, HTML5, Tailwind CSS, SASS, Unit Testing (Jest with supertest).

WORK EXPERIENCE

Front-End Developer (Contract)

Deen Minder Limited – Osun, Nigeria | Apr 2024 – Jun 2024

- Collaborated with clients to gather requirements and provide updates, ensuring a **100% alignment with project goals**.
- Diagnosed and resolved technical issues, improving **website load time by 35%** and enhancing user experience.
- Provided technical support and addressed customer inquiries, leading to a **25% increase in client satisfaction ratings**.
- Strengthened problem-solving skills and attention to detail, reducing **bug reports by 40%** through optimized development practices.

Frontend Engineer

DataQolo – Lagos, Nigeria | Jul 2024 – Sept 2024

- Developed and maintained scalable front-end components using **React.js & TypeScript**, improving application performance and maintainability.
- Integrated and refined RESTful APIs**, reducing API response time by **35%**, resulting in **smoother user interactions and improved data retrieval speed**.
- Conducted rigorous code reviews**, improving code quality and reducing post-deployment issues by **30%**, ensuring **faster debugging and higher maintainability**.
- Collaborated closely with UI/UX designers and backend developers**, streamlining issue resolution and enhancing overall **user experience**.
- Participated in **Agile processes**, contributing to **faster sprint completion and improved team collaboration**.

EDUCATION

Obafemi Awolowo University, Ile - Ife, Nigeria | Sept 2019 – Dec 2024

B.Sc. Science and Technology Education

PROJECTS

Blog Application with Admin Dashboard

- Developed a MERN stack blog application with authentication, CRUD functionality, and an admin dashboard for content

management.

- Integrated JWT authentication to enhance security, ensuring only authorized users can create, update, or delete their own blogs.
- Optimized API calls, improving server response time by 30% and enhancing overall application performance.
- Enhanced user experience by implementing personalized profile customization and engagement tracking.
- Boosted content visibility, leading to a 35% rise in readership by implementing a Featured Post Section.

Social Media Website with Theme Customization

- Developed a customizable social media platform, enhancing user engagement and increasing retention.
- Improved communication efficiency with real-time chat and messaging, reducing retrieval time by 40%.
- Designed a request system to streamline user connections, enabling seamless acceptance and management.
- Streamlined notifications with a real-time system, improving user responsiveness by 60%.
- Implemented core social features like posting, liking, commenting, and sharing, significantly boosting user interaction.

Fitness Tracking Application

- Built a fitness tracking application with intuitive workout logging and goal-setting, increasing user engagement.
- Enhanced performance and maintainability with TypeScript and React, reducing bugs by 30%.
- Designed a fully responsive UI with Tailwind CSS, optimizing accessibility and enhancing mobile interaction.
- Simplified class bookings with an integrated scheduling system, reducing booking time and increasing sign-ups by 45%.
- Enhanced user support with a direct contact form, improving response time and boosting customer satisfaction by 25%.

CERTIFICATIONS

- React – The Complete Guide (Udemy), 2024
- Introduction to Frontend Development (Udemy), 2023
- Introduction to Backend Development (Coursera), 2023

ORGANISATIONAL AND VOLUNTEER EXPERIENCE

Technical Mentor – Code for Change, Osogbo, Nigeria

Jan 2024 - Dec 2024

- Mentored beginner and intermediate developers, enhancing their proficiency in front-end technologies and project implementation.
- Provided structured guidance, regular feedback, and one-on-one support, leading to improved learning outcomes.
- Collaborated with volunteers to organize coding workshops and community tech events, expanding access to technical education.
